ACTION TAKEN:

On 08/05/09, I left a voice mail message for Ms. Jamarillo to inform her that I was assigned to assist Mr. Hougots. I provided my contact details.

On 08/05/09, I spoke to Mr. Hougots regarding additional documentation required along with his birth certificate to obtain a Texas identification certificate. He stated that he currently has a birth certificate and a Texas voter registration card.

I then inquired as to whether or not he had additional supporting identification as listed in the 37 Texas Administrative Code 15.24 that is proof of identity satisfactory to the department and meets the need in establishing identity.

He then stated that he could obtain a school record (transcript) from his mother who currently resides in the State in which he last attended school. Therefore, he will have the documents that are verifiable to obtain an identification card.

I advised him to contact me when he has been issued the Texas identification card. I would then monitor the status of his identification card for a two week time period. Upon receipt of the actual identification card I would give him a call.

On 08/06/09, I did a follow up phone call to Ms. Jamarillo to advise of all of the above.
